## Welcome to the Pitt Newsletter

The International Admissions team at Pitt is excited to welcome you to our new newsletter. With the world of international admissions constantly changing, we wanted a way to communicate with our counseling partners to best prepare students for success at Pitt. We will be publishing the newsletter on a quarterly basis to let know of important information throughout the academic year.

### International Student Freshman Guarantees

International students are able to indicate on their application that they would like to be considered for a guaranteed spot in 1 of 14 of Pitt’s graduate programs. Students are not required to attend the graduate program that they are admitted to, but they will be glad to know that they will not have to apply to at least one graduate program. There are requirements for obtaining and maintaining a Graduate Guarantee.

\*Please see all requirements by clicking on the programs listed to the right.

### Completing the Self-Reported Academic Record (SRAR)

International students are able to complete the Self-Reported Academic Record of (SRAR) instead of sending Pitt their transcripts. Students are able to fill out all of their achieved marks, regardless of their grading scale or education system. This is the quickest way for students to get their transcripts added to their file and move through admissions committee.

**ATTENTION:**

The University of Pittsburgh does NOT accept the TOEFL *MyBest* Scores.
